The Sensitivity Program

The Sensitivity Program was developed by Foster Parents, Social Workers, Adult Educators, and Representatives of various community groups and organizations. It is part of your Essential Core Training and is designed to encourage Foster Parents to explore:

- Promoting self-esteem and individuality
- The harmful effects of prejudice in any form
- Appreciating differences in children and youth of diverse race, religion, or language
- Respecting and valuing all children ~ regardless of their culture, sexual orientation, or ability level

This 2 day workshop consists of guest speakers, small group discussion, and presentations (complemented by videos); and is facilitated by Foster Parents and Community Trainers.
