WELCOME TO THE FEDERATION OF FOSTER FAMILIES OF NOVA SCOTIA

We are pleased to learn that your home is now an approved foster home and we welcome you to the Federation of Foster Families of Nova Scotia (also referred to as The Federation).

The Federation is a charitable organization funded by the Nova Scotia Department of Community Services and governed by a Board of Directors, who are all Foster Parents.

Please read through the information in this welcome package and keep it for future reference. In the near future, you will be contacted by a staff member from our office to discuss being matched with a Peer Support Services Volunteer. The PSS Volunteer will be available to offer ongoing support during the coming months. You can expect contact from your PSS Volunteer within 30 days of being matched and this contact will continue for six months.

Included in the package you will find:

- Federation Staff Listing
- A Federation Fact Sheet
- A Foster Parent Checklist
- A Map Showing the region each Board Member represents
- A Diagram Outlining the structure of the Board of Directors
- Contact Information for the Association Presidents
- Insurance Handout (Property)
- Insurance Brochure (Accident/Injury)
- FFFNS Introduction Brochure
- Foster Parent Basic Core Training Brochure
- Peer Support Services Program Brochure
- Memorial Bursaries Brochure
- Foster Allegation & Support Services Brochure
- Membership Card for your Wallet (will be sent out when social distancing restrictions have been lifted)

We look forward to meeting you at some of our foster family events in the future.

Sincerely,

Gary Landry, BSW, RSW
Executive Director

Self-Funded Insurance Program

Process for Foster Parents Claiming Property Damage.

Effective October 1, 2016, the new process for foster parents seeking reimbursement for property damage under the self-funded insurance program will be as follows:

Please fill out the attached claim form and email it to fostercareclaims@novascotia.ca or call the Risk Management and Insurance Services at 1-844-424-4450.

A fillable copy of the claim form can also be found at www.fosterfamilies.ns.ca

**FOSTER CARE SERVICES
FREQUENTLY ASKED QUESTIONS FOR SUBMITTING A CLAIM**

Q. How soon do I need to contact with Risk Management and Insurance Services after damage has occurred?

- A. All claims must be submitted within **48 hours** of the incident. You can email us at fostercareclaims@novascotia.ca or call us toll-free, at 1-844-424-4450.

Q. What if I don't notice or know about the damage within 48 hours? Will I not be covered?

- A. If this should happen, contact us anyway, and we will assess whether there is anything we can do for you. In exceptional circumstances, we can provide coverage as long as the claim was begun within five days of the incident. You need to contact us as soon as you are aware of the loss or damage, however, because we cannot guarantee that any claims submitted more than 48 hours of the event will be able to be covered.

Q. The child in my home has serious behavioural issues, and frequently damages my property – a dented door here, a hole in the wall there... Shouldn't I just wait until there is some significant damage so it can all be repaired at once?

- A. You need to call regarding each incident where damage occurs. If you wait until you think there are enough repairs to make it worthwhile fixing, or until the child leaves the home, you will not qualify for the program.

Q. What kinds of things does the program cover?

- A. The program covers losses or damages to your property caused by a child in care placed in your home. The damage could have been accidental or intentional.

Q. What kinds of things are not covered under the program?

- A. This program **does not** cover these things:
- Damage or loss not reported within the **48** hour timeframe

- General wear and tear
- Accumulated loss/damage or damage that has occurred over a long period of time
- Personal injury to yourself or others in your home. If you are under 65 and injured while you have a child in care placed in your home, you may be covered under the foster parents' personal injury insurance program.
- Losses from use or operation of the foster parent's motor vehicle are excluded from this program.

Q. What documents do I need to provide when I first contact you about my claim?

- A. The Claim Form provided
- B. Please include any pictures or information necessary to the claim. Please ensure there are multiple pictures showing the size and extent of damage.

Q. What should I do with the damaged item? Do I need to save it?

- A. Please do not dispose of the damaged item until the claim process is complete. Damaged items may be collected and become property of Government.

Q. What form of settlement can I expect? Will you replace my damaged item with a new one?

- A. Our first priority is to repair the damage. You should know, however, that this program is a reimbursement program and not a replacement program. This means that if the item cannot be repaired, you will be given the value of the item less the standard insurance industry's depreciation percentage, if applicable. For example, if your five year old wool coat was damaged beyond repair, your payment might not be enough to buy you a brand new coat like the one that was destroyed. The payment would reflect that you had five years of wear out of that coat and it was not worth as much as when you first bought it.

Q. What can I expect after I contact you about my claim?

- A. Someone will be in contact with you within two business days to talk to you about your situation. The insurance adjuster assigned to your file will begin an investigation. An investigation is what we call our process for managing your claim. It involves talking to you (and possibly others) about the incident, looking at the documents you submit, and seeking professional guidance from others. Someone may need to visit your home to see the damage and make a determination as to how they will proceed with your claim.

Q. Do I need to get quotes?

- A. You may be asked to submit two quotes from different sources for the repair/ cash value of your loss. This could include supplier invoices for materials, contractor invoices, flyers, online advertisements, photographs of the item in a store, etc. Once we receive your claim and open a file, we will let you know what documents we will require from you.

Q. What if I disagree with the type of repair, or the reimbursement amount offered?

- A. We have a dispute resolution process which is initiated when you send your concerns in writing to the Risk Manager, Insurance & Risk Management, Internal Services Department, P.O. Box 186, Halifax, NS B3J 2N2, or by email, at fostercareclaims@novascotia.ca.

Foster Family Associations and Support Groups!

Foster Family Associations and Support Groups can provide support for foster parents, remove the feeling of isolation, provide an avenue to voice concerns, frustrations and anxieties, and maintain an active link between the Federation, District Offices/Agencies and local foster families. Foster parents who are actively involved in their local Association/Support Group feel more supported and connected to other foster parents, the Federation, District Offices/Agencies.

Associations and Support Groups often organize social events and educational presentations on such things as:

- Parenting Strategies
- Anger Management
- Grief and Loss
- Relationships with Birth Parents
- Learning Disabilities
- Early Childhood Intervention

...and sometimes it's nice to just sit and talk about the week you've had!

Participation in the PRIDE Foster/Adopt Pre-Service Program is mandatory for all prospective Foster & prospective Adoptive Parents.

Kinship Foster Parents and Adoptive Parents are invited to attend the Nonviolent Crisis Intervention Training Program and the Sensitivity Training Program if they chose to do so.

The [PRIDE Foster/Adopt Pre-Service Program](#) is essential to the pre-assessment process and shall be provided for all potential Foster Parent & Adoptive Parent applicants.

Foster Parents must attend [Nonviolent Crisis Intervention Training](#) within one year of receiving their first placement. Yearly re-certification is required.

Foster Parents must attend the [Sensitivity Training Program](#) within two years of receiving their first placement.

The PRIDE Foster/Adopt Pre-Service Program

The PRIDE Foster/Adopt Pre-Service Program is a training program for prospective Foster Parents and prospective Adoptive Parents.

Program participants are introduced to the knowledge, resources, and support systems that will help them provide a safe and nurturing home environment to the children and youth who have come into their care. The goals of the PRIDE Foster/Adopt Pre-Service Program are:

1. to introduce the "basics" of fostering & adopting; that is,
 - a) how children come into care
 - b) your role as a foster/adoptive parent
 - c) reasons why children behave as they do
 - d) the child's needs while they are in your care
2. to help you decide if your family is ready to foster or adopt
3. to begin the process of working as a team member.

Nonviolent Crisis Intervention Training

Nonviolent Crisis Intervention was introduced to Foster Parents in Nova Scotia in 1994 through the joint efforts of the Department of Community Services and the Federation of Foster Families of Nova Scotia. In 2011, the Federation received approval from the Crisis Prevention Institute to train and certify adoptive parents in the Nonviolent Crisis Intervention Training Program.

The program teaches practical skills and techniques to:

1. recognize the stages of crisis development and choose the appropriate responses,
2. effectively intervene verbally, and
3. provide the best *care, welfare, safety and security* for everyone involved in the crisis.

The Sensitivity Training Program

The Sensitivity Training Program, launched in 1997, was developed by Foster Parents, Social Workers, Adult Educators and representatives of various community groups and organizations. It is designed to encourage Foster Parents to study and discuss:

- the importance of promoting self-esteem and individuality,
- the harmful effects of prejudice of any form,
- the need to appreciate differences in children and youth who may be of a different race, religion or language group, and
- the need to respect and value all children regardless of their culture, sexual orientation or ability level.

This two day participatory workshop, which consists of guest presenters, video presentations, and small group discussion, is facilitated by foster parent trainers and community trainers.

On-Call Peer Support may be helpful when...

- You have questions about the roles and responsibilities within the Department of Community Services, Mi'kmaw Family & Children's Services, and/or the Federation of Foster Families of Nova Scotia
- You are uncertain about something and would like to ask another foster parent about their experience or understanding of the issue.
- You want to talk about parenting strategies with someone who understands the unique needs of trauma-affected children.
- When you need to process your feelings around the complex emotional situations related to fostering. For example, helping children prepare to return to their birth family or transition to adoption

MISSION STATEMENT

The Federation of Foster Families is a collective voice for all foster parents in Nova Scotia. In pursuit of this mission, the Federation will ensure assistance and support for foster families and Foster Family Associations

MAKING A DONATION

The Federation depends upon the generous support of foster families and the public so that we may provide these bursaries. Donations to the Memorial Bursary Funds from individuals, organizations, and the business community would be most welcome.

Tax deductible receipts will be provided for all donations.

If you wish to donate to one particular fund (The Thelma Goodall Fund or the Jenny Cajolais Fund) please indicate. If you do not indicate a preference, your donation will be split between the two funds.

Please complete the form below and forward to the Federation office. Thank you for your generosity.

I/We wish to assist the Federation of Foster Families of Nova Scotia in providing financial assistance to young people who have been touched by the foster care system so that they may continue their education.

**FEDERATION
OF FOSTER FAMILIES
OF
NOVA SCOTIA**

THE FEDERATION OF FOSTER FAMILIES OF NOVA SCOTIA

The Federation of Foster Families of Nova Scotia was founded in 1974 and has since become the collective voice of foster families in Nova Scotia. Our main task is to advocate for a quality foster care service. We assist local associations in supporting foster families in their area, provide educational opportunities for foster parents to equip them with the skills needed to offer the best possible care for the children in their home, and work with the Department of Community Services in developing policies and procedures which enhance the foster care experience for the entire foster family.

Throughout the history of the Federation, the Board of Directors has been sensitive to the accomplishments of those who have reflected the best of what the foster care system represents. Through the awarding of Lifetime Memberships or Honourary Foster Parent Certificates, the Federation recognizes foster parents, social workers, child welfare administrators and other community members who have made an impact on the foster care system. Several years ago it was recognized that we should also show support to those foster

children who wished to further their education, and thus, the Memorial Bursary Program was born.

Today, there are two Bursary programs which respectively recognize the determination of the foster children and the birth children of foster parents who are continuing their education.

The **Thelma Goodall Memorial Bursary** was named in honour of the mother of Elizabeth Hamilton. Elizabeth and her family were active in the foster care community and Elizabeth was one of the people instrumental in beginning the Canadian Foster Family Association.

The **Jenny Cajolais Memorial Bursary** was named in honour of the deceased daughter of Claude and Jackie Cajolais. Claude and Jackie, former foster parents, were very active on the Board of the Federation, known at that time as the Federation of Foster Family Associations of Nova Scotia.

MEMORIAL BURSARY FUNDS

The Federation of Foster Families of Nova Scotia has established two Memorial Bursary Funds to assist young people in continuing their education in either a college, university, vocational institution, or other special education programs.

When possible, four bursaries will be awarded annually, two from each fund:

Bursaries are a minimum of \$250.00 and a maximum of \$500.00

The **Thelma Goodall Memorial Bursary** is available to children in care or former children in care.

The **Jenny Cajolais Memorial Bursary** is available to the birth or adopted children of foster parents.

Applications are available from your local Foster Family Association, your local agency or district office, or by writing or calling the Federation office:

Federation of Foster Families of Nova Scotia
99 Wyse Road, Suite 350
Dartmouth, NS B3A 4S5
Phone: 424-3071
Fax: 424-5199

Bursary applications must be postmarked or faxed to the Federation office on or before **May 31st of each year.**

A three member selection committee made up of one Executive Member of the Federation and two community representatives, review all applications and select the recipients.

Foster Allegation & Support Services

Foster families are entitled to representation as per the *Protocol for Investigating Allegations of Abuse and Neglect in Foster Homes (2013)* to ensure they understand the investigation process and are aware of their rights within the process. The Federation of Foster Families of Nova Scotia welcomes the opportunity to provide services of the Foster Allegation & Support Services Social Worker through funding from the Department of Community Services.

Foster families are also entitled to support services. If you have an issue or challenge that you would like to speak to someone about, please contact the Foster Allegation & Support Services Social Worker.

FOSTER ALLEGATION & SUPPORT SERVICES

Foster Allegation Investigation - Process

The Foster Allegation & Support Services (F.A.S.S.) Social Worker, **upon request by a foster family**, will provide the following services as outlined in the *Protocol For Investigating Allegations of Abuse and Neglect in Foster Homes (2013)*.

- Promote Protocol awareness and understanding, including possible outcomes;
- Provide consent forms to the foster family which permit the Foster Allegation & Support Services Social Worker to consult with the Home Agency and Investigating Agency;
- Provide the foster family with knowledge about the availability of insurance coverage through the Department of Community Services by contacting their Agency/District Office, if required;
- Consult with the Foster Care Social Worker regarding support services provided to the foster family during the investigation;
- Support the foster family throughout the investigation process including attendance at meetings to ensure foster families questions, comments, and concerns are verbalized and to ensure the foster family understands the questions being asked;

- Assist the foster family in accepting the final outcome of the Investigation and articulating their concerns, if any, to the Agency/District Office;
- Consult with the Foster Care Social Worker on behalf of the foster family for follow-up support services upon completion of the Investigation Process;
- Represent the foster families' best interests through consultation with the Home Agency to support referrals to community resources and/or professional resources as the result of an allegation investigation;
- Provide assistance or support to Agency staff during the Protocol Investigation including:
 - attendance at meetings to assist the Agency in discussing concerns or questions regarding the investigation process;
 - when appropriate, support the Agency decision to close the foster home and assist the Foster Care Social Worker in concluding the Agency's relationship with the foster family;
 - with the foster family's consent to provide periodic updates on the general well-being of the foster family and to ensure the Foster Care Social Worker can provide assistance and/or support.

Formal Review Process

The F.A.S.S. Social Worker, **upon request by a foster family**, will:

- Review with the foster family their concerns regarding the foster home closure due to the findings of the Child Protection Investigation;
- Assist foster families with written correspondence related to the review process, if required;
- Assess the need for ongoing support based on the needs of the foster family;
- Provide support to families in accepting the outcome of the investigation and subsequent review process.

Support Services

The F.A.S.S. Social Worker, **upon request by a foster family**, will:

- Provide support during a challenging time other than allegations;
- Maintain confidentiality unless there is a duty to report;
- Assess the needs of the foster parent and/or family;
- Refer to Outreach & Therapeutic Services and/or Community Resources as required.
